EDUCATION

College

Associates of Science in Radiologic Technology

Relevant coursework: Medical Terminology, Anatomy and Physiology

Location, California

Expected May 2027

College

Coursework toward Bachelors of Science in Mechanical Engineering

Location, California

June 2021 - May 2023

WORK EXPERIENCE

Lighting Technician

Company

Location, California

August 2021-Present

- Set up and dismantled heavy lighting systems up to 150 lbs for events and installations, transporting the equipment across job sites.
- Collaborated with crews of up to 25 team members to coordinate logistics and ensure timely delivery and storage of gear.
- Executed lighting setups and takedowns for 20+ major events, consistently meeting tight deadlines.
- Maintained strict adherence to safety protocols, contributing to a 25% reduction in on-site incidents over 3 years.
- Managed and tracked inventory of 300-400 lighting units valued at \$70K+ in coordination with a team, ensuring all items were maintained, stored properly, and accounted for.

E-Commerce Merchandiser

Self employed

Location, California

November 2020-Present

- Handled high-value transactions ranging from \$20 to \$2,000 per sale on a routine basis.
- Coordinated logistics and inventory sourcing, ensuring 100% on-time delivery of 10+ products per month.
- Maintained a 100% customer satisfaction rating across 270+ clients by promptly resolving inquiries and concerns with professionalism.

LEADERSHIP EXPERIENCE & ACTIVITIES

Mock City Council

Civil Engineering Delegate

Location, California

April 2020 - July 2020

- Excelled in high-pressure city council mock meetings, responding to real-time questions and concerns from an audience of 30+ community members.
- Led infrastructure initiatives by analyzing data (Pavement Condition Index, traffic flow, safety risks) using engineering computer software.
- Delivered strategic presentations with Excel and PowerPoint to effectively communicate project priorities and recommendations.

SKILLS & INTERESTS

Technical: Windows OS, Microsoft Excel, Word, Outlook, Teams, Powerpoint; Google Sheets; CAD, CAM

Languages: English (Native), Spanish (Pre-Intermediate)

Certifications & Training: Basic Life Support (BLS), Certified SolidWorks Associate - Mechanical Design

Interests: Physical fitness (bodybuilding, basketball), Music production
